

### **Community Gardener Role**

This is an exciting time to join a rapidly evolving Hub that works collaboratively with others and aims to provide the best possible support for people living with dementia and their unpaid carers and family members.

Our Dementia Hub has its roots in our Christian faith – reaching out with warm hospitality, friendship, and support to anyone with memory difficulties and their unpaid carers and family members (mainly within the Clydesdale area of South Lanarkshire).

### **Application notes**
